

EC 590 - Covid-19 situation - Championships postponed

March 12, 2020

Dear District officer,

Due to the Coronavirus situation in Europe the organising clubs and EurlLCA have decided to move the

Laser Masters European Championship 2020 in Monaco

~~from 03 April to 9th April~~

to 16th October 2020 - 22nd October 2020

and

Laser 4.7 Youth European Championship & Open European Trophy 2020 in Portugal

~~from 11th April to 18th April~~

to 20th June 2020 - 27th June 2020

We wanted to avoid also a late date of cancellation if things get worse and let people to organize themselves and change their reservations as much as possible.

- As a reminder EurlLCA is covering some bank charges at registration for each sailor, so if sailors intend to compete proposed dates, they don't need to cancel their application, it is automatically follow. Sailors will still be able to cancel it before the entry closing date for postponed dates and if they were entered normally on time for april dates we will reimburse the full amount paid : 250 euros if they canceled later.
- If sailors don't intend to participate at the proposed date or want their reimbursement now, they have to log on their EurlLCA account and cancel the application.

We are very sorry that the event has been cancelled and we hope more sailors will attend next June and October.

Kind regards,

The EurlLCA team
